AGFR GOLF TOURNAMENT -NEWCASTLE 2016

We thought it appropriate to expand on some of the activities that will be done by the Non Golfers. This month we will look at the Newcastle Tour.

As most of you would be aware Newcastle has risen from the coal ashes of the BHP era to now become a modern City. A city where cool Cafes, art shopping, edgy restaurants and other urban delights await. Whilst still a work in progress the Harbour shores have been transformed into a wonderful array of Eateries and Apartments with a walkway that extends from the most western side of the Harbour to Nobbys Beach.

One of the ports of call will be the Newcastle Museum. Research has shown that visitation to the Newcastle Museum is about twice the average of other Museums. Here are just a few photos of some of the permanent exhibitions at the Museum.

acter of this city in all its
beauty grit colour & life.

The Anzac Memorial Walkway. Your tour includes a visit to our newest tourist attraction.

You will visit Fort Scratchley and shown below are pictures of the Fort from Nobbys Beach and from inside the complex. It has a wonderful history and well worth the visit.

Towering over the city is the Newcastle Cathedral. Another wonderful city attraction and certainly worth the visit.

This is just a small taste of what you will see on this tour and for those of you who are coming earlier or staying later just a teaser for what Newcastle has to offer. Look forward to seeing you soon.
