Eric Lown (pictured), a member of RC of Claremont and joint chair Director of AGFR 2022, recently returned from the AGFR 2021 held at Maroochydore and gave us an overview of the event. The course is very new and \$37 million has been spent on the development. Eric was most impressed.

Eric was able to address several gatherings about the 2022 AGFR to be held in Tasmania and the reception was great and some bookings have already been received for accommodation and deposits made for the event.

Eric concedes that the 2022 Committee has a lot of hard work ahead to make the 44th event a success and looks forward to welcoming Rotarians and their partners from around Australia to Hobart in March 2022.
